**TOWN AND COUNTRY PLANNING ACT 1990  
TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT  
PROCEDURE) (ENGLAND) ORDER 2015**

**DECISION NOTICE: GRANT PLANNING PERMISSION  
(subject to conditions)**

Woking Borough Council, in pursuance of their powers under the above mentioned Act and Order in accordance with the provisions of Regulation 3 of the Town and Country Planning General Regulations 1992 **APPROVES** the following development as shown on the drawings submitted and subject to the conditions specified in the Schedule below:-

**SCHEDULE**

**Reference:** PLAN/2018/0337

**Application Type:** Regulation 3 - Hybrid Planning Consent

**Proposal:**

Hybrid planning application (part outline, part full planning application) for the demolition of 573 residential units and existing non-residential buildings and redevelopment of the site to be implemented in phases to provide a mixed-use development comprising of 869 residents units (Class C3), 134 specialist residential units (Class C3/C2), 904 sqm community centre (Class D1), 929 sqm nursery/children's centre (Class D1), 312 sqm health centre (Class D1), 290 sqm additional classrooms (Class D1), 1,728 sqm of retail (flexible use within Class A1 and/or A2 and/or A3 and/or A4 and/or A5), 117sqm management office (flexible use within Class A1 and/or A2 and/or A3 and/or A4 and/or A5 and/or B1a and/or SG), and 132 sqm dentist (flexible use within Class A1 and/or A2 and/or A3 and/or A4 and/or A5 and/or class D1), a new energy centre, formation of a new car park for Broadmere Primary school, formation of an extended car park for Bishop David Brown School and the Leisure Centre, including a bus/coach drop off area, formation of a new community car park to serve community hub, hard and soft landscaping and open space with a kiosk, a multi-use games area (MUGA) and a skate park, reconfigured and new vehicular and pedestrian access and works to the public highway and associated works; including full planning application for the detailed phases comprising of: demolition of 412 residential units and 7,609 sqm existing non-residential buildings, and construction of 695 residential units (7 no. studios, 68 no. 1-bedroom specialist accommodation, 160 no. 1-bed units, 227 no. 2-bed units, 160 no. 3-bed units, 71 no.4-bed units, and 2 no. 5-bed units.), 904 sqm Community Centre (Class D1), 1,728 sqm of retail (flexible use within Class A1 and/or A2 and/or A3 and/or A4 and/or A5), 117sqm management office (flexible use within Class A1 and/or A2 and/or A3 and/or A4 and/or A5 and/or B1a and/or SG) and 132 sqm dentist (flexible use within Class A1 and/or A2 and/or A3 and/or A4 and/or A5 and/or class D1), 929 sqm of nursery/children's centre (Class D1), 312 sqm health centre (Class D1), an energy centre, formation of an extended car park for Bishop David Brown School

and the Leisure Centre, including a bus/coach drop of area, formation of a new community car park to serve community hub, hard and soft landscaping and open space with a kiosk, a multi-use games area (MUGA) and a skate park reconfigured and new vehicular and pedestrian access and works to the public highway and associated works.

**Location:** Sheerwater Estate, Albert Drive, Sheerwater, Woking, Surrey

**Conditions** (See next page.)

## Conditions

01. Application for the approval of the first reserved matters shall be made to the Local Planning Authority not later than three years from the date of this permission, and the application for approval of all remaining reserved matters shall be made within five years from the date of this permission.

Reason: To comply with the provisions of Section 92(2) of The Town and Country Planning Act 1990 (as amended by Section 51 of the Planning and Compulsory Purchase Act 2004).

02. The development hereby permitted shall be begun not later than two years from the date of approval of the first reserved matters application to be approved, and development of any subsequent phase shall be begun not later than two years from the date of approval of the reserved matters for that phase.

Reason: To comply with the provisions of Section 92(2) of The Town and Country Planning Act 1990 (as amended by Section 51 of the Planning and Compulsory Purchase Act 2004).

03. The development hereby permitted for the phases comprising the application for full planning permission shall be commenced not later than three years from the date of this permission.

Reason: To accord with the provisions of Section 91 (1) of The Town and Country Planning Act 1990 (as amended by Section 51 of the Planning and Compulsory Purchase Act 2004).

04. The development hereby permitted shall be carried out in accordance with the following approved plans and documents:

Sustainable Design and Construction Statement rec 24.10.18

Reason: For the avoidance of doubt and to ensure that the development is completed in accordance with the approved plans.

05. The development hereby approved shall be commenced, implemented and completed in full in accordance with the approved Phasing Plans and the approved Phasing and Decant Plan (schedule). No variations to the approved Phasing (phasing plans and Phasing and Decant Plan (schedule)) shall take place save where the applicant can demonstrate that it is unlikely to give rise to any new or significant environmental effects in comparison with the development as approved and as assessed in the Environmental Statement and any proposed changes to the Phasing shall have been first submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in full in accordance with the order as specified on any approved revised Phasing Plan/schedule.

Reason: To ensure that the development is carried out in an appropriate sequence in accordance with the range and scale of impacts measured and assessed in the Environmental Statement.

06. Details of the appearance, landscaping, layout and scale, (hereinafter called "the reserved matters") in any phase, shall be submitted to and approved in writing by the Local Planning Authority before any development in that phase begins and the development shall be carried out as approved. For the avoidance of doubt any reserved matters application shall include details of all reserved matters to be approved.

Reason: To comply with Article 6 of the Town and Country Planning (Development Management Procedure) (England) Order 2015.

07. All Reserved Matters applications shall accord with the following approved plans, documents and parameters:

- i. Land use
- ii. Building heights
- iii. Site levels (excluding the note on the plan - +/-300mm annotation)
- iv. Open space, Recreation and Play Typologies
- v. Phasing
- vi. Access and Movement
- vii. Design code

Each Reserved Matters application shall include a statement of compliance against each of the Parameter Plans and the individual sections of the Design Code. The development shall be implemented in accordance with such details as approved. No variations to the parameter plans shall take place save where the applicant can demonstrate that it is unlikely to give rise to any new or significant environmental effects in comparison with the development as approved and as assessed in the Environmental Statement and any such changes shall have been first approved in writing by the Local Planning Authority.

Reason: For the avoidance of doubt and to ensure that the development accords with the outline planning permission and to comply with Policies CS1, CS4, CS5, CS7, CS9, CS13, CS16, CS17, CS18, CS19, CS21 and CS24 of the Woking Core Strategy 2012 and the policies in the NPPF.

08. With each Reserved Matters application the following information shall be submitted for approval for that phase:

- (i) Existing and proposed ground levels and finished floor levels of all levels of each dwelling or building proposed;
- (ii) Cross sections showing new development in relation to any newly built, previously approved development, where relevant the canal and the existing development adjoining but outside of the application site;
- (iii) Details of all parking and cycle parking facilities to be provided for each phase;
- (iv) Details of all refuse/recycling/food waste bin storage areas to be provided for each part of the development including details of the servicing of such areas;
- (v) Details of all boundary treatments/means of enclosure relevant to each phase;
- (vi) Demolition statement for each phase including any necessary surveys e.g. asbestos;

- (vii) Details of the number of affordable housing units to be wheelchair accessible in each phase;
- (viii) Details of the sustainability strategy for the development; and
- (ix) Daylight and sunlight assessment for all residential dwellings.

The development of that Reserved Matters Phase shall not be carried out otherwise than in accordance with the approved details.

Reason: In the interests of the character and appearance of the site, to safeguard the amenities of nearby occupiers and to comply with Policies CS18, CS21 and CS24 of the Woking Core Strategy and the policies in the NPPF.

09. With all Reserved Matters applications Arboricultural Information including an Arboricultural Method Statement shall be submitted for approval for that phase which shall include the following information :

- i. Plans showing the location of all existing trees, shrub masses and hedges clearly showing the trees to be removed and the trees to be retained and the crown spread of each retained tree;
- ii. Details of any proposed pruning of any retained tree;
- iii. A tree constraints plan that identifies root protection areas of retained trees within, adjacent to, or which overhang the development site;
- iv. Existing site contours and details of any proposed alterations in existing ground levels, and of the position of any proposed excavation within the recommended protective distance referred to in BS5837: 2012 (or subsequent updates);
- v. The precise location and design details for the erection of protective tree barriers and any other physical protection measures including protection to any retained tree outside of the site boundary that may be affected by construction access and associated works.;
- vi. Details of the location, extent and depth of all excavations for drainage and services (Gas and Electricity) and rainwater gardens within the root protection area of any tree within that phase;
- vii. Full construction details/methodology of any construction works within the root protection areas of any retained tree;
- viii. Details for convening a pre-commencement meeting with the Council's Arboricultural Officer prior to the commencement of any development in each phase and an agreed programme of site monitoring visits by the project Arboriculturalist; and
- ix. Tree pit details (underground structures in hard surfaced areas).

The development shall be implemented in accordance with the approved details and only the trees shown to be removed in the Reserved Matters approval shall be removed. Prior to the commencement of any works on the phase to which the Reserved Matters approval relates, the approved tree protection measures shall be implemented and maintained until all equipment, machinery and surplus materials have been removed from the site. Nothing shall be stored or placed in any area fenced in accordance with this condition nor shall any fires be started, no tipping, refuelling, disposal of solvents or cement mixing carried out and ground levels within those areas shall not be altered, nor shall any excavation or vehicular access be made, without the prior written consent of the Local Planning Authority.

Reason: In the interests of amenity and biodiversity and to preserve and enhance the character and appearance of the locality in accordance with Policies CS7, CS17, CS21 and CS24 of the Woking Core Strategy 2012 and the NPPF.

10. As part of the submission of each Reserved Matters application for each phase of the development hereby permitted, details of a scheme for disposing of surface water by means of a sustainable drainage system for that phase shall be submitted to and approved in writing by the Local Planning Authority in accordance with the approved discharge rates contained within the Flood Risk Assessment dated March 2019 (version 4) received 07.03.19. The scheme shall be implemented in full in accordance with the approved details prior to completion or first occupation of any dwelling in the relevant phase whichever is the earlier. The submitted details shall:

- provide information about the design storm period and intensity, the method employed to delay and control the surface water discharged from the site and the measures taken to prevent pollution of the receiving groundwater and/or surface waters. This shall also include the following information:

- o Limits the surface water discharge rate for each phase as proposed within the submitted Flood Risk Assessment dated March 2019 (version 4) received 07.03.19;
  - o Demonstration that the proposed surface water drainage system does not surcharge in for the 1 in 1 critical storm duration, Flood in the 1 in 30 critical storm duration or the 1 in 100 critical storm duration for the proposed agreed discharge rates;
  - o Demonstration that any flooding that occurs when taking into account climate change for the 1 in 100 storm event in accordance with NPPF does not leave the site via overland flow routes.
- include a timetable for its implementation; and
  - provide a detailed management and maintenance plan for the lifetime of the development which shall include the arrangements for adoption by any public authority or statutory undertaker and any other arrangements to secure the operation of the scheme throughout its lifetime.

Reason: To ensure that the development achieves a high standard of sustainability and to comply with Policy CS9 and CS16 of the Woking Core Strategy 2012 and the policies in the NPPF.

11. As part of the submission of each reserved matters application for each phase of the development hereby permitted, construction drawings of the surface water drainage network, associated sustainable drainage components, flow control mechanisms and a construction method statement for that phase shall be submitted to and approved in writing by the Local Planning Authority. The scheme shall then be constructed in accordance with the approved submitted drawings and calculations. No alteration to the approved drainage scheme shall occur without the prior written approval from the Local Planning Authority.

Reason: To ensure that the development achieves a high standard of sustainability and to comply with Policies CS9 and CS16 of the Woking Core Strategy 2012.

12. As part of each Reserved Matters application for each phase of the development full details of the reptile, badger and breeding bird surveys and findings, which shall have first been undertaken on the site for that phase, shall be submitted. The findings of the surveys shall also include any proposed recommendations, mitigation measures and biodiversity enhancements. Once approved in writing by the Local Planning Authority the development shall be carried out in accordance with any approved recommendations, mitigation measures and biodiversity enhancements contained therein.

Reason: To ensure the provision of suitable ecological mitigation as specified in the application and to comply with Policy CS7 of the Woking Core Strategy 2012, Circular 06/05 Biodiversity and Geological Conservation and the policies in the NPPF.

13. The submission of the Reserved Matters application for each phase of the development shall include the details and findings of bat surveys (comprising full bat activity surveys undertaken in accordance with the application details) which shall have first been undertaken on site for that phase. The findings of the surveys shall also include any proposed recommendations, mitigation measures and biodiversity enhancements. Once approved in writing by the Local Planning Authority the development shall be carried out in accordance with any approved recommendations, mitigation measures and biodiversity enhancements contained therein.

Reason: To ensure the provision of suitable ecological mitigation as specified in the application and to comply with Policy CS7 of the Woking Core Strategy 2012, Circular 06/05 Biodiversity and Geological Conservation and the policies in the NPPF.

14. As part of each Reserved Matters application full design details (including any play equipment, ancillary structures e.g. benches, waste bins and a timetable for their delivery and availability for use by the public) of any proposed open space, recreation and play space to be provided within that phase shall be submitted for approval by the Local Planning Authority. The open space, recreation and play space as relevant to each phase shall be implemented in accordance with the approved details and timetable for their delivery and availability for use by the public. Thereafter open space, recreation and play space as relevant to each phase shall be retained and maintained in accordance with the approved details and shall be made available for public use at all times, unless otherwise first approved in writing by the Local Planning Authority.

Reason: To ensure the provision and proper maintenance of such areas within the development, in the interests of amenity and to comply with Policy CS17 of the Woking Core Strategy 2012 and the policies in the NPPF.

15. Prior to the commencement of the development (save for demolition) of any phase where piling is to be used for any part of the method of construction for that phase, full details of the measures to minimise the impact of vibration from any piling on existing properties, in accordance with the principles set out in paragraphs 8.150-8.159 of the Addendum to the Environmental Statement dated October 2018 shall be submitted to and approved in writing by the Local Planning Authority. The development shall then be implemented in accordance with the approved details.

Reason: To ensure the development is undertaken in accordance with the mitigations set out in the Addendum to the Environmental Statement and to comply with policy CS21 of the Woking Core Strategy 2012 and the policies in the NPPF.

16. No development in any phase shall take place, including any works of demolition until a Construction Environmental Management Plan (CEMP), for that phase of development has been submitted to and approved in writing by the Local Planning Authority. The CEMP shall accord with and give effect to the principles for such a Plan proposed in the Environmental Statement submitted with the application. The CEMP shall include as a minimum the following matters:

- i. Contractors' access arrangements for vehicles, plant and personnel including the location of construction traffic routes to, from and within the site, details of their signing, monitoring and enforcement measures, along with location of parking for contractors and construction workers;
- ii. Delivery and collection times for demolition and construction;
- iii. Hours of working on the site;
- iv. Dust management - measures to control the emission of dust/dirt during demolition and construction including wheel washing and measures to control dust/dirt on the public highway by providing a Dust Management Plan in accordance with Section A9.4 of Air Quality Technical Appendix of the submitted Environmental Statement March 2018 and the Addendum to the Environmental Statement dated October 2018;
- v. Measures to control noise and vibration during demolition and construction and the use of best practical means to minimise noise and vibration disturbance from works in accordance with the measures included in Chapter 8 of the submitted Addendum to the Environmental Statement dated October 2018;
- vi. Measures to prevent ground and water pollution from contaminants on site/a scheme to treat and remove suspended solids from surface water run-off during construction, including the use of settling tanks, oil interceptors and bunds;
- vii. Soil management measures;
- viii. Identification of areas/containers for the storage of fuels, oils and chemicals;
- ix. Details of any temporary lighting to be used for demolition/construction purposes including confirmation from the project Ecologist that the temporary lighting would not be harmful to the ecology of the site and measures for monitoring of such lighting;

- x. Details of measures to mitigate the impact of demolition and construction activities on ecology on and adjacent to the site including the Basingstoke Canal SSSI in accordance with a Construction Ecological Management Plan (prepared by the Ecological Clerk of Works) to be submitted as part of the CEMP;
- xi. Site fencing/hoarding and security measures;
- xii. The prohibition of burning of materials and refuse on site;
- xiii. Management of materials and waste;
- xiv. External safety and information signing and notices;
- xv. Liaison, consultation and publicity arrangements including dedicated points of contact and contact details;
- xvi. Complaints procedures, including complaints response procedures;
- xvii. Access and protection arrangements around the site for pedestrians, cyclists and other road users including temporary routes;
- xviii. Procedures for interference with public highways, permanent and temporary realignment, diversions and road closures; and
- xix. Construction management plan for surface water run-off during the construction period.

Reason: To ensure the proposed development does not prejudice the amenities of occupiers of adjoining residential properties, the adjacent SSSI and in the interests of highway and pedestrian safety and to protect the environmental interests and the amenity of the area and to comply with Policies CS7, CS9 and CS21 of the Woking Core Strategy 2012 and the NPPF.

17. No development shall commence in any phase until a Construction Transport Management Plan(s) for that phase, to include details of:
- (a) parking for vehicles of site personnel, operatives and visitors
  - (b) loading and unloading of plant and materials
  - (c) on-site turning for construction vehicles
  - (d) storage of plant and materials
  - (e) programme(s) for the decommissioning and construction of works on existing and proposed public highways
  - (f) provision of boundary hoarding behind any visibility zones
  - (g) routing of heavy goods vehicles between A-class public roads and the development site
  - (h) proposals to prevent the deposit of materials on the public highway
  - (i) before and after construction condition surveys of the affected public roads within the Sheerwater estate, together with proposals to repair any damage associated with the construction of the development to those public roads, and
  - (j) proposals to minimise the movement of heavy goods vehicles associated with the construction of the development during the hours and days when children arrive at and depart the schools located within the Sheerwater estate

has been submitted to and approved in writing by the Local Planning Authority and then the development shall be constructed in accordance with the approved details.

Reason: In order that the development should not prejudice highway safety nor cause inconvenience to other highways users and to comply with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

18. Prior to the commencement of development in any phase full details of the existing properties to become/remain vacant or to be demolished (either within or adjacent to phase) to facilitate the implementation of that phase shall be submitted to and approved in writing by the Local Planning Authority. The development shall be undertaken in accordance with the approved details.

Reason: To ensure the proposed development does not prejudice the amenities of occupiers of adjoining residential properties and in the interests of highway and pedestrian safety and to protect the environmental

interests and the amenity of the area and to comply with Policies CS18 and CS21 of the Woking Core Strategy 2012 and the NPPF.

19. Prior to the commencement of any development on the site, full details of the proposed air quality monitoring (including locations of monitoring, type of monitoring, commencement and completion dates of monitoring, length of monitoring period, details of when and how the results of monitoring will be reported to the Local Planning Authority and any mitigation measures as may be required and their timescale for implementation) shall be submitted to and approved in writing by the Local Planning Authority. The monitoring, reporting and any subsequent mitigation measures required shall be implemented in accordance with the approved details.

Reason: To ensure acceptable air quality and to comply with the NPPF.

20. Prior to the commencement of development in any phase (save demolition) construction drawings of the surface water drainage network, associated sustainable drainage components, flow control mechanisms and a construction method statement for that phase shall be submitted to and approved in writing by the Local Planning Authority. The development/drainage scheme shall not be implemented/constructed other than in accordance with the approved drawings/details and method statement for that phase. No alteration to the approved drainage scheme shall occur without prior written approval from the Local Planning Authority.

Reason: To ensure that the development achieves a high standard of sustainability and to comply with Policies CS9 and CS16 of the Woking Core Strategy 2012.

21. Any existing hard surface (and its associated sub-base) within any area of the site to be utilised as gardens and public open space as part of the development hereby approved, shall be demolished and all debris removed from the approved open space, a verification report, appended with substantiating evidence shall be submitted to and approved in writing by the Local Planning Authority prior to the first use of these areas within any phase.

Reason: These areas are intended to be free-draining and to ensure the drainage strategy set out in the application is adhered to, to reduce flood risk and to comply with Policy CS9 of the Woking Core Strategy 2012 and the NPPF.

22. All development shall be constructed in accordance with the submitted and approved Flood Risk Assessment dated March 2019 (version 4) received 07.03.19 and all new residential dwellings/residential units shall have a finished floor level raised a minimum of 150mm above the adjacent surrounding proposed ground level unless otherwise first approved in writing with the Local Planning Authority.

Reason: To ensure the flood risk is adequately addressed for each new dwelling and not increased in accordance with NPPF and Policy CS9 of the Woking Core Strategy 2012.

23. The development hereby permitted shall be carried out in accordance with the following mitigation measures:

- o Finished floor levels will be set at least 150millimetres above ground level.
- o Flood resilience and resistance measures will be installed into the design of the buildings in accordance with details which shall have first been submitted to and approved in writing by the Local Planning Authority for each phase.

The scheme shall be fully implemented and subsequently maintained, in accordance with the timing/phasing arrangements embodied within the scheme or within any other period as may subsequently be first approved in writing by the Local Planning Authority.

Reason: To reduce the risk of flooding to the proposed development and future users. In accordance with the NPPF.

24. Prior to first use/occupation of any development in any phase, a verification report, appended with substantiating evidence demonstrating the approved drainage construction details and specifications have been implemented for that phase, shall be submitted to and approved in writing by the Local Planning Authority. This report shall include photographs of excavations and soil profiles/horizons, any installation of any surface water structure and Control mechanism.

Reason: To ensure that the development achieves a high standard of sustainability and to comply with Policies CS9 and CS16 of the Woking Core Strategy 2012.

25. No development shall take place within any phase of the development hereby permitted until a scheme to deal with contamination of the site for that phase has been submitted to and approved in writing by the Local Planning Authority. The scheme shall include:-

- (a) a contaminated land desk study and suggested site assessment methodology;
- (b) a site investigation report based upon (a);
- (c) a remediation action plan based upon (a) and (b);
- (d) a "discovery strategy" dealing with unforeseen contamination discovered during construction; and
- (e) a "validation strategy" identifying measures to validate the works undertaken as a result of (c) and (d).

Unless otherwise first approved in writing by the Local Planning Authority the development shall be carried out and completed wholly in accordance with such details and timescales as may be agreed.

Reason: To ensure that a satisfactory strategy is put in place for addressing contaminated land before development commences and to make the land suitable for the development without resulting in risk to construction workers, future users of the land, occupiers of nearby land and the environment generally in accordance with Policies CS9 and CS21 of the Woking Core Strategy 2012 and the NPPF.

26. No development (including any ground preparation and any works causing below ground disturbance) (save for above ground demolition) shall take place within any phase until the applicant (or their heirs and successors in title) has secured the implementation of a programme of archaeological evaluation for that phase in accordance with a Written Scheme of Investigation for that phase which has been submitted and approved in writing by the Local Planning Authority.

Reason: To allow the site to be investigated for archaeological purposes and to comply with Policy CS20 of the Woking Core Strategy 2012 and the NPPF.

27. The parts of the development hereby approved, which involve the permanent use of public highway land for private purposes, shall not be commenced unless and until the affected parts of that public highway have been stopped-up to extinguish the highway rights existing on that public highway land.

Reason: In order that the development should not prejudice highway safety nor cause inconvenience to other highway users in accordance with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

28. No development hereby approved shall be commenced, unless and until proposals for the phasing of the construction of the development, to include information about:

- (a) the decommissioning of existing public roads,
- (b) the design of temporary access roads; and
- (b) the construction and commissioning of the proposed roads

has been submitted to and approved in writing by the Local Planning Authority (the Approved Construction Phasing Details). The development shall then be constructed in accordance with the Approved Construction Phasing Details.

Reason: In order that the development should not prejudice highway safety nor cause inconvenience to other highway users in accordance with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

29. Prior to the first occupation of any residential dwelling on the development hereby approved, a 'Keep Clear' road markings shall be laid on the westbound lanes of Albert Drive at its junction with Monument Way East.

Reason: In order that the development should not prejudice highway safety nor cause inconvenience to other highway users in accordance with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

30. Prior to the first occupation of the 1000th dwelling/residential unit including any Class C3 unit and Class C2/C3 unit hereby approved and any unit approved/delivered under PLAN/2015/1260, the signal controllers for:

- (a) the Monument Road / Walton Road / Albert Drive signal junction,
  - (b) the Sheerwater Road / Albert Drive signal junction,
  - (c) the pedestrian crossing on Maybury Hill immediately to the south of the railway bridge, and
  - (d) the pedestrian crossing on Maybury Hill adjacent to the junction with Princess Road,
- shall be re-calibrated and updated with current traffic survey movement data.

Reason: In order that the development should not prejudice highway safety nor cause inconvenience to other highway users in accordance with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

31. Prior to the first occupation of any dwelling/residential unit hereby approved, a study to assess the potential closure of Arnold Road to through traffic shall be completed, in accordance with a methodology which shall have first been submitted to and approved in writing by the Local Planning Authority in consultation with Surrey County Council, and the study shall be submitted to and approved in writing by the Local Planning Authority. Should the study conclude positively, then a scheme for the proposed works shall be submitted to and approved in writing by the Local Planning Authority in consultation with Surrey County Council and works shall be implemented in full in accordance with the approved details prior to the signal controller re-calibration as set out in condition 30.

Reason: In order that the development should not prejudice highway safety nor cause inconvenience to other highway users in accordance with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

32. No residential unit in any phase of the development shall be occupied unless and until facilities for the secure parking of cycles for that residential unit within that phase have been provided and are available for use in accordance with details which shall have first been submitted to and approved in writing by the Local Planning Authority. Thereafter the approved facilities shall be retained and maintained in accordance with the approved details.

Reason: To promote sustainable modes of transport in accordance with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

33. Prior to the commencement of the residential development (save for demolition and ground works) hereby approved a Residential Travel Plan, produced from the sustainable travel intentions included in the application "Framework Travel Plan", dated 20th March 2018 and produced by Motion Consultants Ltd, shall be submitted for the written approval of the Local Planning Authority ("the Approved Residential Travel Plan"). The Approved Residential Travel Plan shall be implemented not later than occupation of the first residential dwelling hereby approved and for each and every subsequent residential occupation, and thereafter the Approved Residential Travel Plan shall be retained, maintained and developed in accordance with the approved document unless otherwise first approved in writing by the Local Planning Authority.

Reason: To promote sustainable modes of transport in accordance with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

34. No development in phases Orange, Emerald, Blue, Red, Yellow, Purple, Cyan and Pink, hereby approved, shall be first occupied unless and until the proposed accesses to Dartmouth Avenue, Bunyard Drive or Blackmore Crescent as relevant to serve that phase have been constructed and provided with visibility zones in accordance with a scheme which shall have been first submitted to and approved in writing by the Local Planning Authority for that phase and thereafter the visibility zones shall be kept permanently clear of any obstruction over 1.05m high.

Reason: In order that the development should not prejudice highway safety nor cause inconvenience to other highways users and to comply with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

35. No development in phases Orange, Emerald, Blue, Red, Yellow, Cyan and Pink, hereby approved, shall be first occupied unless and until the proposed modifications to the adjacent sections of Dartmouth Avenue, Devonshire Avenue, Bunyard Drive and Blackmore Crescent as relevant to serve that phase have been constructed and provided with visibility zones in accordance with a scheme which shall have been first submitted to and approved in writing by the Local Planning Authority for that phase and thereafter the visibility zones shall be kept permanently clear of any obstruction over 1.05m high.

Reason: In order that the development should not prejudice highway safety nor cause inconvenience to other highways users and to comply with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

36. All footways forming part of phase Blue, Emerald, Red, Yellow, Purple, Cyan, Pink and Green, which are to remain within public highway or to be adopted as public highway are to be constructed to a minimum width of 2m.

Reason: In order that the development should not prejudice highway safety nor cause inconvenience to other highways users and to comply with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

37. The:

(a) part of the housing development hereby granted full planning permission shall not be first occupied unless and until space has been laid out within the site of the housing development hereby granted full planning permission, in accordance with the approved plans for vehicles to be parked and for vehicles to turn around, and

(b) the remainder of the development hereby approved shall not be first occupied unless and until space has been laid out within that remainder of the development site, in accordance with proposal(s) to be submitted to and approved in writing by the Local Planning Authority for vehicles and cycles to be parked and for vehicles to turn around.

Thereafter the vehicle and cycle parking area(s) and the vehicle turning area(s) shall be retained and maintained for their designated purpose(s).

Reason: In order that the development should not prejudice highway safety nor cause inconvenience to other highways users and to comply with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

38. The development hereby permitted shall only take place in accordance with the details specified in Chapter 7 of the submitted Environmental Statement March 2018 and the Addendum to the Environmental Statement October 2018, its respective appendices, in particular the recommended actions in the Preliminary Ecological Appraisal (PEA) by MLM Group dated 19.03.18 (Appendix to Chapter 7 of the Environmental Statement and Addendum), and as expanded by the recommendations made in the individual species reports (Bats and Reptiles) provided in the appendix to Chapter 7. The development shall be undertaken in accordance with the mitigation details, biodiversity enhancements and timescales specified, unless otherwise first approved in writing by the Local Planning Authority.

Reason: In accordance with the terms of the application and to ensure the provision of suitable ecological mitigation as specified in the application and to comply with Policy CS7 of the Woking Core Strategy 2012, Circular 06/05 Biodiversity and Geological Conservation and the NPPF.

39. Prior to the clearance of any areas of trees/woodland within the application site the ground layer of the area to be cleared should be checked by a suitably experienced ecologist for signs of stag beetle and stag beetle larvae. Any dead and rotting branches lying on the ground that may provide potential habitat for stag beetles should be carefully removed to adjacent areas of woodland which are to be retained.

Reason: In accordance with the terms of the application and to ensure the provision of suitable ecological mitigation as specified in the application and to comply with Policy CS7 of the Woking Core Strategy 2012, Circular 06/05 Biodiversity and Geological Conservation and the NPPF.

40. Prior to the commencement of any development in any phase hereby approved bat activity surveys including building inspections, transect surveys, roost emergence and re-entry surveys and tree inspections (in accordance with the details in the Preliminary Ecological Appraisal (PEA) by MLM Group dated 19.03.18 (Appendix to Chapter 7 of the Environmental Statement and Addendum)) shall be undertaken on site for that phase. All survey results and full details of any recommendations, mitigation measures and biodiversity enhancements shall be submitted to and approved in writing by the Local Planning Authority. Once approved in writing by the Local Planning Authority the development shall be carried out in accordance with the approved details. Any biodiversity enhancements shall, once installed, be retained and maintained on site in accordance with the approved details.

Reason: In accordance with the terms of the application and to ensure the provision of suitable ecological mitigation as specified in the application and to comply with Policy CS7 of the Woking Core Strategy 2012, Circular 06/05 Biodiversity and Geological Conservation and the NPPF.

41. Prior to the commencement of any development in any phase hereby approved further reptile survey work of suitable habitats in gardens affected by the development shall undertaken on site for that phase. All survey results and full details of any recommendations, mitigation measures and biodiversity enhancements shall be submitted to and approved in writing by the Local Planning Authority. Once approved in writing by the Local Planning Authority the development shall be carried out in accordance with the approved details. Any biodiversity enhancements shall, once installed, be retained and maintained in accordance with the approved details.

Reason: In accordance with the terms of the application and to ensure the provision of suitable ecological mitigation as specified in the application and to comply with Policy CS7 of the Woking Core Strategy 2012, Circular 06/05 Biodiversity and Geological Conservation and the NPPF.

42. Prior to the commencement of any superstructure works in any phase for which full planning permission has been granted details of the proposed biodiversity enhancement measures in accordance with the application details for that phase (including a timescale for their provision on site) and details of an interpretation board (including size, content and position on the site) to be provided within the site in close proximity to the footpath link(s) to the canal towpath (where this is to be provided in the phase) shall be submitted to and approved in writing by the Local Planning Authority. Thereafter the proposed development shall be implemented in accordance with the approved details and the biodiversity enhancements shall be retained and maintained on the site.

Reason: In accordance with the terms of the application and to ensure the provision of suitable ecological mitigation as specified in the application and to comply with Policy CS7 of the Woking Core Strategy 2012, Circular 06/05 Biodiversity and Geological Conservation and the policies in the NPPF.

43. No development shall take place in any phase abutting/adjoining the Basingstoke Canal area until a scheme for the provision and management of a minimum 10 metre buffer zone alongside the Basingstoke Canal has been submitted to and approved in writing by the local planning authority. Thereafter the development shall be carried

out in accordance with the approved scheme and any subsequent amendments shall be agreed in writing with the Local Planning Authority. The buffer zone scheme shall be free from built development including lighting, domestic gardens and formal landscaping.

The schemes shall include:

- o Plans showing the fence line to the buffer zone within the application site, the extent and layout of the buffer zone and distance from the development. This buffer zone will relate to the areas alongside the Basingstoke Canal that are located within the development site as shown in drawing number SHE-BDP -00- XX-PL-L-90-0137, revision P01, dated 12 March 2019. The plan delineating the buffer zone boundary shall be provided at a scale no less than 1:100.

- o Details of enhancements including:

- the removal of non-native rhododendron;
- the structural edge planting should only include native species appropriate to this location;
- the removal of selected trees alongside the Basingstoke Canal to reduce the impact of shading on the SSSI which has a detrimental impact on the marginal vegetation in the canal and is currently contributing to its unfavourable condition.

- Details of the positioning and materials forming the fence line.

- Details demonstrating how the buffer zone will be protected during construction of the development and details of how the buffer zone will be managed/maintained over the longer term;

- Details of any proposed lighting adjacent to the buffer zone. Artificial lighting disrupts the natural diurnal rhythms of a range of wildlife using and inhabiting the river and its corridor habitat;

- Details of any proposed footpaths, cycleways or fencing within or adjacent to the buffer zone. The buffer zone should be protected by appropriate fencing and suitably located access points that limit disturbance to the woodland and adjacent Basingstoke Canal.

Reason: This condition is sought in accordance with paragraph 175 of the NPPF to ensure that the Basingstoke Canal (SSSI) is protected and enhanced. The buffer zone will increase the area of open space and create wider habitat corridors. Paragraph 175 states that the planning system should aim to conserve and enhance the natural and local environment by minimising impacts on biodiversity and providing net gains in biodiversity where possible, contributing to the Government's commitment to halt the overall decline in biodiversity, including by establishing coherent ecological networks that are more resilient to current and future pressures. Paragraph 170 of the NPPF also states that if significant harm resulting from a development cannot be avoided (through locating on an alternative site with less harmful impacts), adequately mitigated, or, as a last resort, compensated for, then planning permission should be refused and that opportunities to incorporate biodiversity in and around developments should be encouraged. Article 10 of the Habitats Directive also stresses the importance of natural networks of linked habitat corridors to allow the movement of species between suitable habitats, and promote the expansion of biodiversity. River corridors are particularly effective in this way. Such networks and corridors may also help wildlife adapt to climate change.

44. No development shall take place until a Landscape and Ecological Management Plan on a phase-by-phase basis, including long-term design objectives, management responsibilities and maintenance schedules for all landscaped areas shall be submitted to and approved in writing by the Local Planning Authority. The landscape and ecological management plan shall be carried out as approved and any subsequent variations shall be agreed in writing by the Local Planning Authority. This plan will be enforced through the construction phase and on and after completion. Depending on the time period between the completed ecological surveys and the commencement of development activities, updated survey works may be required prior to drafting this plan. The plan should incorporate all of the Green Infrastructure within the proposed development and include the mitigation and enhancement measures as outlined in Chapter 7 of the Environmental Statement. The scheme shall include the following elements:

- o A map of proposed enhancement and restoration measures, including the location of formal and informal paths;

- o Detail extent and type of new planting (NB planting to be of native species of local provenance unless otherwise approved in writing by the Local Planning Authority);

- o Detail how new habitats will be created:
  - Wildflower grassland;
  - Wetland creation - wildlife friendly design specifications should be provided for the newly created swales including variable bank profiles, water depths and islands/inlets to encourage a diversity of emergent, submergent and floating aquatic plants to establish, that also provide refuge for wildlife;
- Orchard;
- o Details of maintenance regimes for the following, supported by a detailed map:
  - Orchard management
  - Grassland management
  - Woodland management
  - Control of invasive species
  - Management of access, recreation and dog fouling
  - Up-to-date ecological survey work to further shape the Management Plan
  - Details of management responsibilities.
- o Removal or the long-term management/control of any invasive non-native species
- o Measures to ensure that any soils brought to the site are free of the seeds / root / stem of any invasive plant listed under the Wildlife and Countryside Act 1981, as amended.

Reason: This condition is sought in accordance with paragraph 175 of the NPPF to ensure the protection of wildlife and supporting habitat and secure opportunities for the enhancement of the nature conservation value of the site. This condition is also necessary to prevent the spread of Japanese Knotweed, Rhododendron, Himalayan Balsam and False Acacia which are invasive species. Without it, avoidable damage could be caused to the nature conservation value of the site. Paragraph 170 of the NPPF states that the planning system should aim to conserve and enhance the natural and local environment by minimising impacts on biodiversity and providing net gains in biodiversity where possible. Paragraph 175 of the NPPF also states that if significant harm resulting from a development cannot be avoided (through locating on an alternative site with less harmful impacts), adequately mitigated, or, as a last resort, compensated for, then planning permission should be refused and that opportunities to incorporate biodiversity in and around developments should be encouraged.

45. Prior to the application/installation of any external facing materials to any building in any phase, details and samples of the materials to be used for the external surfaces of all buildings (including any new sub-stations), garden walls and hard surfaced areas for that phase shall be submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be implemented in accordance with the approved details.

Reason: In the interests of visual amenity of the site in accordance with Policies CS21 and CS24 of the Woking Core Strategy 2012 and the NPPF.

46. The development hereby permitted shall be carried out only in accordance with the proposed finished floor levels and ground levels as shown on the approved plans unless otherwise first approved in writing with the Local Planning Authority.

Reason: To ensure that the development is carried out at suitable levels in relation to the highway and adjoining land having regard to drainage, gradient of access, the amenities of the area and neighbouring occupiers and the health of any trees or vegetation in accordance with Policies CS21 and CS24 of the Woking Core Strategy 2012 and the NPPF.

47. Prior to the first occupation of any residential unit in any phase the proposed refuse stores shall have been provided and be available for use and a refuse management plan for that phase shall have been submitted to and approved in writing by the Local Planning Authority. The refuse management plan to be submitted for approval shall include details of the allocation of each residential unit to a bin store (to prevent overuse of any bin store), measures to secure/restrict access to non-allocated residents, measures to control odour and vermin etc, management arrangement details for collection of refuse and details of any proposed dropped kerbs shall be

submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be implemented in accordance with the approved details and the facilities for each residential unit shall be provided and made available for use prior to the first occupation of each residential unit to which they relate. The refuse and recycling bin storage areas shall thereafter be retained for use at all times.

Reason: In the interests of amenity and to ensure the provision of satisfactory facilities for the storage and recycling of refuse in accordance with Policy CS21 of the Woking Core Strategy 2012 and the NPPF.

48. Prior to the first occupation of any residential unit in any phase the means of enclosure to the residential garden boundaries for that phase shall have been provided in accordance with full design details (in general accordance with the approved plans) which shall have first been submitted to and approved in writing by the Local Planning Authority. The means of enclosure shall thereafter be retained and maintained in accordance with the approved plans and shall not be altered in any way without the prior written approval of the Local Planning Authority.

Reason: In the interests of visual and neighbouring amenity and to comply with Policy CS21 of the Woking Core Strategy 2012 and the NPPF.

49. No unit (residential or non-residential unit) to be served by the Energy Centre in accordance with the application details shall be occupied until either:

(a) the Energy Centre hereby approved has been constructed, commissioned and is available for use by the development; or

(b) a temporary solution has been provided in accordance with full details of any proposed temporary solution (to meet the energy requirements set out in the application) and a timetable for the temporary provision which shall have first been submitted to and approved in writing by the Local Planning Authority. The temporary provision shall be provided and available for use in accordance with the approved details until the Energy Centre is available for use in accordance with the approved details.

Reason: To ensure that the development achieves a high standard of sustainability and makes efficient use of resources and to comply with Policies CS21 and CS22 of the Woking Core Strategy 2012 and the NPPF.

50. Prior to the commencement of any works above ground floor level in any phase where photovoltaic panels and as relevant solar water collectors are proposed in accordance with the submitted application details, full design details of the proposed photovoltaic panels and as relevant solar water collectors and their position(s) on the roof of each relevant building for that phase shall be submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with the approved details, prior to the first occupation of any building and the photovoltaic panels and solar water collectors shall be retained and maintained operational thereafter.

Reason: In the interests of visual amenity in accordance with Policies CS21, CS24 and CS22 of the Core Strategy 2012.

51. Prior to the commencement of development in any phase (save for demolition, below ground works, ground works and structural frame) full details of the electric car charging points for that phase (in accordance with the application details) shall be submitted to and approved in writing by the Local Planning Authority. The electric car charging points for that phase shall be made available before the first occupation of any dwelling in that phase. The development shall be carried out in accordance with the approved details and be so retained.

Reason: To ensure that the development achieves a high standard of sustainability and makes efficient use of resources and to comply with Policies CS21 and CS22 of the Woking Core Strategy 2012 and the NPPF.

52. Prior to the commencement of development in any phase (save for demolition and below ground works), written evidence shall be submitted to and approved in writing by the Local Planning Authority demonstrating that the development will for that phase:

a. Achieve a minimum of a 19% improvement in the dwelling emission rate over the target emission rate, as defined in the Building Regulations for England Approved Document L1A: Conservation of Fuel and Power in New Dwellings (2013 edition). Such evidence shall be in the form of a Design Stage Standard Assessment Procedure (SAP) Assessment, produced by an accredited energy assessor; and,

b. Achieve a maximum water use of no more than 110 litres per person per day as defined in paragraph 36(2b) of the Building Regulations 2010 (as amended), measured in accordance with the methodology set out in Approved Document G (2015 edition). Such evidence shall be in the form of a Design Stage water efficiency calculator.

Development shall be carried out wholly in accordance with the agreed details and maintained as such in perpetuity unless otherwise agreed in writing by the Local Planning Authority.

Reason: To ensure that the development achieves a high standard of sustainability and makes efficient use of resources and to comply with Policy CS22 of the Woking Core Strategy 2012 and the NPPF.

53. No residential development shall be occupied in any phase until written documentary evidence has been submitted to and approved in writing by the Local Planning Authority demonstrating that the development has for that phase:

a. Achieved a minimum of a 19% improvement in the dwelling emission rate over the target emission rate, as defined in the Building Regulations for England Approved Document L1A: Conservation of Fuel and Power in New Dwellings (2013 edition). Such evidence shall be in the form of an As Built Standard Assessment Procedure (SAP) Assessment, produced by an accredited energy assessor; and

b. Achieved a maximum water use of 110 litres per person per day as defined in paragraph 36(2b) of the Building Regulations 2010 (as amended). Such evidence shall be in the form of the notice given under Regulation 37 of the Building Regulations.

Development shall be carried out wholly in accordance with the agreed details and maintained as such in perpetuity unless otherwise agreed in writing by the Local Planning Authority.

Reason: To ensure that the development achieves a high standard of sustainability and makes efficient use of resources and to comply with Policy CS22 of the Woking Core Strategy 2012 and the NPPF.

54. No development works within any phase shall be undertaken on site until updated Arboricultural Information including an Arboricultural Method Statement has been submitted to and approved in writing by the Local Planning Authority for that phase which shall include the following information:

(i) Plans showing the location of all existing trees, shrub masses and hedges clearly showing the trees to be removed and the trees to be retained and the crown spread of each retained tree;

(ii) Details of any proposed pruning of any retained tree;

(iii) A tree constraints plan that identifies root protection areas of retained trees within, adjacent to, or which overhang the development site;

(iv) Existing site contours and details of any proposed alterations in existing ground levels, and of the position of any proposed excavation within the recommended protective distance referred to in BS5837: 2012 (or subsequent updates);

(v) The precise location and design details for the erection of protective tree barriers and any other physical protection measures including protection to any retained tree outside of the site boundary that may be affected by construction access and associated works;

(vi) Details of the location, extent and depth of all excavations for drainage and services (Gas and Electricity) and rainwater gardens within the root protection area of any tree within that phase;

- (vii) Full construction details/methodology of any construction works within the root protection areas of any retained tree;
- (viii) Details for convening a pre-commencement meeting with the Council's Arboricultural Officer prior to the commencement of any development in each phase and an agreed programme of site monitoring visits by the project Arboriculturalist;
- (ix) Tree pit details (underground structures in hard surfaced areas)

The development shall be implemented in accordance with the approved details and only the trees shown to be removed shall be removed. Prior to the commencement of any works in the phase, the approved tree protection measures shall be implemented and maintained until all equipment, machinery and surplus materials have been removed from the site. Nothing shall be stored or placed in any area fenced in accordance with this condition nor shall any fires be started, no tipping, refuelling, disposal of solvents or cement mixing carried out and ground levels within those areas shall not be altered, nor shall any excavation or vehicular access be made, without the prior written consent of the Local Planning Authority.

Reason: In the interests of amenity and biodiversity and to preserve and enhance the character and appearance of the locality in accordance with Policies CS7, CS17, CS21 and CS24 of the Woking Core Strategy 2012.

55. Prior to the commencement of landscape works in any phase, an updated scheme of landscaping for that phase of the development in broad accordance with the approved plans, shall be submitted to and approved in writing by the Local Planning Authority. The updated scheme shall include details specifying species, planting sizes, spaces and numbers of trees/shrubs and hedges to be planted, any hard landscaping details and details of external lighting (as may be relevant). All landscaping shall be carried out in accordance with the approved scheme in the first planting season (November-March) following the first occupation of the buildings or the completion of the development (in that phase) whichever is the sooner and maintained thereafter. Any retained or newly planted trees, shrubs or hedges which die, become seriously damaged or diseased or are removed or destroyed within a period of 5 years from the date of planting shall be replaced during the next planting season with specimens of the same size and species unless otherwise agreed in writing by the Local Planning Authority. Thereafter all landscaped areas within the site shall be retained and maintained for the purposes identified in the approved details and, save for domestic gardens and/or shared (private) communal podium gardens, all areas for use as public open space shall be made available and retained in perpetuity for public use.

Reason: In the interests of amenity and biodiversity and to preserve and enhance the character and appearance of the locality in accordance with Policies CS7, CS17, CS21 and CS24 of the Woking Core Strategy 2012 and the NPPF.

56. Any scrub, hedgerow and tree clearance must be undertaken outside the bird breeding season (March to August inclusive) unless the applicant has first carried out a survey of such vegetation which shows that there are no nesting species within relevant parts of the application site and any such survey results have been submitted to and approved in writing by the Local Planning Authority.

Reason: To prevent birds being injured or killed during site clearance works and to comply Policy CS7 of the Woking Core Strategy 2012, Circular 06/05 Biodiversity and Geological Conservation and the NPPF.

57. Any works within the root protection areas of any retained trees shall be undertaken under full arboricultural supervision. The construction of any hard surfaces within root protection areas shall be undertaken using no-dig techniques, the full details of which for any phase shall have first been submitted to and approved in writing by the Local Planning Authority. The development hereby permitted shall only take place in accordance with the approved details.

Reason: To ensure the retention and protection of trees to be retained on the site in the interests of the visual amenities of the locality and the appearance of the development and ecology and to comply with Policies CS7 and CS21 of the Woking Core Strategy 2012 and the NPPF.

58. Prior to the commencement of any development on phase Green, full details of the design, layout, landscaping, method of construction and a time table for the delivery of the central park (comprising phase Green) shall be submitted to and approved in writing by the Local Planning Authority. The central park shall be implemented in accordance with the approved details and shall be made available for use by the public in accordance with the approved details and timetable. The central park shall thereafter be retained and maintained for the purposes identified in the approved details for public use in perpetuity.

Reason: To ensure the provision and maintenance of such areas within the development as public open space, in the interests of amenity and ecology and to comply with Policies CS7, CS17, CS21 and CS24 of the Woking Core Strategy 2012 and the NPPF.

59. Prior to the commencement of development (save for demolition and below ground works) in any phase containing equipped play areas and/or MUGA and/or Skate Park, in accordance with the plans hereby approved, full design details of the proposed facility (including, as relevant, but not limited to surface treatment, means of enclosure, contours, design of each piece of equipment, layout plan, court markings) and a timetable for their installation for that phase shall be submitted to and approved in writing by the Local Planning Authority. Each facility shall be implemented in accordance with the approved details and shall be made available for use by the public in accordance with the approved details and timetable. Each facility shall thereafter be retained and maintained for the purposes identified in the approved details for public use in perpetuity.

Reason: To ensure the provision and maintenance of such areas within the development as public open space, in the interests of amenity and ecology and to comply with Policies CS7, CS17, CS21 and CS24 of the Woking Core Strategy 2012 and the NPPF.

60. Prior to the commencement of development (save for demolition and below ground works) in any phase, containing the MUGA and Skate Park (as relevant) full details of the proposed external lighting for these facilities, setting out the type, design, lux levels and measures to control glare and overspill light from the lighting and measures to ensure the lights are switched off when not in use, shall be submitted to and approved in writing by the Local Planning Authority. The external lighting shall then be implemented prior to the first use of each facility and thereafter maintained/operated in accordance with the approved details.

Reason: To balance illuminating the recreation facility with the interest of amenity and ecology/sustainability and to comply with Policies CS7, CS17 and CS21 of the Woking Core Strategy and the NPPF.

61. Unless otherwise first approved in writing by the Local Planning Authority, the external artificial lighting to the MUGA and Skate Park shall not be used outside the hours of:

- (a) 8 a.m. and 8 p.m. Monday to Friday;
- (b) 8 a.m. and 8 p.m. on Saturday; and
- (c) 8 a.m. and 7 p.m. on Sunday and public/bank holidays.

Reason: To balance illuminating the recreation facilities with the interest of amenity, ecology and sustainability and to accord with saved Policy REC7 of the Woking Local Plan, Policies CS7, CS17 and CS21 of the Woking Core Strategy and the policies in the NPPF.

62. Prior to the first use of the MUGA and Skate Park hereby approved in their respective phases, full details for the management of these sporting/recreational facilities shall be submitted to and approved in writing. The development shall thereafter be implemented and thereafter operated in accordance with the approved management details and the facilities shall be made available and retained for public use in perpetuity.

Reason: To ensure the provision and maintenance of such areas within the development as public open space, in the interests of amenity and to comply with Policies CS17, CS21 and CS24 of the Woking Core Strategy 2012 and the NPPF.

63. Prior to the commencement of development (save for demolition and below ground works), in any phase containing residential development full details of a scheme for protecting the proposed residential units in that phase from road traffic noise; and plant noise in the vicinity of Asda for phases Purple and Red (as relevant) for that phase shall be submitted to and approved in writing by the Local Planning Authority. The scheme shall comprise acoustic façade treatment including acoustic double and/or triple glazing with mechanical ventilation where necessary and any other means to protect the buildings from noise, in accordance with the principles detailed in Chapter 8 of the Addendum to the Environmental Statement dated October 2018. The approved scheme shall be carried out concurrently with the development of the residential units in that phase and shall be completed fully in accordance with the approved details. The development shall thereafter be retained and maintained in accordance with the approved details.

Reason: To protect the environment and amenities of the occupants of the development in accordance with Policy CS21 of the Woking Core Strategy 2012 and policies in the NPPF.

64. Prior to the commencement of development (save for demolition and below ground works), in any phase where residential development is proposed to be situated immediately above and/or adjacent to any non-residential use/development full details of the measures to be undertaken to ensure the acoustic performance of the relevant party ceilings/floors and walls to prevent noise transfer between uses (in accordance with the details specified in Chapter 8 of the Addendum to the Environmental Statement dated October 2018) for that phase shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out and thereafter retained in accordance with the approved details prior to the first occupation of the development in that phase.

Reason: To protect the environment and amenities of the occupants of neighbouring properties in accordance with Policy CS21 of the Woking Core Strategy 2012.

65. Prior to the commencement of development (save for demolition and below ground works), in any phase containing the energy centre, community centre, nursery, health centre and dentist as specified on the approved plans, full details of the measures to be undertaken to acoustically insulate and ventilate these premises/units for the containment of internally generated noise for that phase shall be submitted to and approved in writing by the Local Planning Authority. The development shall be carried out and thereafter retained in accordance with the approved details prior to the first occupation of the development in that phase.

Reason: To protect the environment and amenities of the occupants of neighbouring properties in accordance with Policy CS21 of the Woking Core Strategy 2012.

66. No fixed plant and equipment associated with air moving equipment, compressors, generators or plant or similar equipment, including any plant and/or equipment to be installed with the Energy Centre, shall be installed anywhere on the site until details, including acoustic specifications have been submitted to and approved in writing by the Local Planning Authority. The details to be submitted shall also include details of any other plant previously installed to ensure that the target noise criteria specified in Chapter 8 (paragraphs 8.187-8.191 including details in Table 8.20 (for all plant within each specified area)) of the submitted Addendum to the Environmental Statement dated October 2018 are not exceeded for any areas of the site. The plant and/or equipment shall be installed and thereafter retained in accordance with the approved details.

Reason: To protect the environment and amenities of the occupants of neighbouring properties in accordance with Policy CS21 of the Woking Core Strategy 2012 and the NPPF.

67. Prior to the commencement of any above ground works in any phase hereby permitted comprising the nursery, community centre and any Class A3 (food and drink), Class A4 (drinking establishments) and Class A5 (hot food takeaways) retail unit/use, suitable ventilation and filtration/extraction equipment to control emissions from these premises shall be submitted to and approved in writing by, the Local Planning Authority. These measures shall be implemented fully in accordance with the approved scheme prior to the first use of the premises to which they relate. The outlet from the ventilation/extraction flue must finish at least one metre from openings such as doors and windows and be at least one metre above eaves level, to ensure the dispersal of fumes and odours away from neighbouring properties. The flue ductwork must be supported using mountings fixed to the structure of the building in such a way that any vibration or noise associated with mechanical ventilation/extraction is reduced to a level which does not cause a nuisance to neighbours. All equipment installed as part of the scheme shall thereafter be operated and maintained in accordance with the approved details and retained as such thereafter.

Reason: To protect the environment and amenities of the occupants of neighbouring properties and prevent nuisance arising from noise, fumes, smell, smoke, ash, grit or other emissions in accordance with Policy CS21 of the Woking Core Strategy 2012 and the NPPF.

68. Any unit/premises occupied by a Class A3 (food and drink) and/or Class A4 (drinking establishments) and/or Class A5 (hot food takeaway) use as specified by the Town and Country Planning (Use Classes) Order 1987 (or any orders amending or re-enacting that order with or without modification) shall only be open to customers between 08:00 hours and 23:00 hours.

Reason: To protect the environment and amenities of the occupants of neighbouring properties and to comply with Policy CS21 of the Woking Core Strategy 2012 and the NPPF.

69. Prior to the first occupation of any non-residential use hereby approved the bin storage areas for each non-residential use in accordance with the details specified on the approved plans shall be provided and available for use, unless otherwise first approved in writing by the Local Planning Authority. The bin stores shall thereafter be retained and available for use in accordance with the approved details.

Reason: In the interests of amenity and to ensure the provision of satisfactory facilities for the storage and recycling of refuse in accordance with Policy CS21 of the Woking Core Strategy 2012

70. No sound reproduction equipment which conveys messages, music or other sound by voice or otherwise which is audible outside any of the non-residential unit/premises hereby approved shall be installed on the site without the prior written permission of the Local Planning Authority.

Reason: To protect the environment and amenities of the occupants of neighbouring properties and to comply with Policy CS21 of the Woking Core Strategy 2012 and the NPPF.

71. No deliveries and refuse collections shall be taken or dispatched from the non-residential premises hereby approved outside the following times 07:00 hours and 18:00 hours Monday-Saturday nor at any time on Sundays, Bank or Public Holidays.

Reason: To protect the environment and amenities of the occupants of neighbouring properties and to comply with Policy CS21 of the Woking Core Strategy 2012 and the NPPF.

72. Notwithstanding the Town and Country Planning (Use Classes) Order 1987 (or any orders amending or re-enacting that order with or without modification) and the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any orders amending or re-enacting that order with or without modification) the office space shown on approved plan - GA Level - 00 Parcel A (SHE-BDP-3A-00-PL-A-20-0001 Rev P13) rec on 24.10.18 shall only be used as a management office in connection with the development hereby approved unless otherwise first approved in writing by the Local Planning Authority.

Reason: In the interests of visual amenity, to safeguard residential amenity and to ensure that when it is no longer required that it reverts back to the approved residential use in accordance with Policy CS21 of the Woking Core Strategy 2012 and policies in the NPPF.

73. The number of Class C3 dwellings to be constructed on the application site shall not exceed 869 and the number of Specialist Accommodation Units (as referred to in the application as Elderly Care Units and Independent Elderly Accommodation (Class C2/C3 use)) to be constructed on the site shall not exceed 134.

Reason: To ensure the development is carried out in accordance with the approved plans and other submitted details and to ensure that the quantum of development remains within the parameters assessed pursuant to the Environmental Statement and to comply with Policies CS1, CS5, CS18, CS21 and CS24 of the Woking Core Strategy 2012 and the NPPF.

74. Not less than 499no. affordable housing units shall be provided on the site of which a maximum of 134no. units shall be the Specialist Accommodation Units (as referred to in the application as Elderly Care Units and Independent Elderly Accommodation (Class C2/C3 use)).

Reason: To ensure the development provides an acceptable quantum of affordable housing on the site to comply with Policy CS12 of the Woking Core Strategy 2012 and the NPPF.

75. The 134no. Specialist Accommodation Units (as referred to in the application as Elderly Care Units and Independent Elderly Accommodation (Class C2/C3 use) hereby approved shall only be occupied by person(s) who are independent but need a level of support offered including people who can live independently with the aid of an appropriate care package (Housing with Support as detailed in the Council's Housing Allocations Policy dated February 2018).

Reason: To ensure the provision of affordable specialist accommodation to meet the needs of the local area and to comply with Policies CS12 and CS13 of the Woking Core Strategy and the NPPF.

76. The existing units within Woodlands House (17no. existing units) shall not be decommissioned from use until at least 17 of the proposed Specialist Units (as referred to in the application as Elderly Care Units (Class C2/C3 use) have been provided on the site and are available for occupation.

Reason: To ensure the development provides an acceptable quantum of specialist affordable housing on the site to comply with Policies CS12 and CS13 of the Woking Core Strategy 2012 and the NPPF.

77. The affordable housing units to be provided on the site shall be in accordance with the following details, unless otherwise first approved in writing by the Local Planning Authority:

Unit size	Number of Affordable Housing Units to be provided
1 bedroom	276
2 bedroom	145
3 bedroom	69
4 bedroom	9
Total	499

Reason: To ensure that the proposed development provides the mix of affordable housing units stated in the application and to accord with Policy CS5 of the Woking Core Strategy and the NPPF.

78. All of the affordable housing dwellings (Class C3) to be provided within the development hereby approved shall be constructed to meet and achieve the 'Lifetime Homes' standard and Housing Quality Indicators standard as

detailed in the application and shall be maintained for the lifetime of the proposed development, unless otherwise first approved in writing by the Local Planning Authority.

Reason: To ensure the development meets the needs of its future occupiers and to comply with Policy CS12 of the Woking Core Strategy 2012 and the NPPF.

79. No retail unit(s) hereby approved shall be amalgamated or sub-divided from the units shown on the approved plans without the prior written approval of the Local Planning Authority.

Reason: To ensure the development is carried out in accordance with the approved plans and other submitted details and to ensure that the quantum of development remains within the parameters assessed pursuant to the Environmental Statement and to comply with Policies CS4, CS5, CS18, CS21 and CS24 of the Woking Core Strategy 2012 and the NPPF.

80. The internal floor layouts of the community centre, nursery, health centre and dentist unit shall be in accordance with details which shall have first been submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be implemented in accordance with the approved details prior to the first occupation of each unit.

Reason: To ensure the development is carried out in accordance with the approved plans and to ensure that the provision of community facilities is commensurate to the increased population on the site and to comply with Policies CS5 and CS19 of the Woking Core Strategy 2012 and the NPPF.

81. Each existing community facility (community centre, nursery/children's centre and health centre and dentist) shall remain available for use until its replacement community facility has been completed and has been made available for use by patrons/customers unless otherwise approved in writing by the Local Planning Authority.

Reason: To ensure continuity of the provision of community facilities on the site to meet the needs of the existing and proposed residents and to comply with Policies CS5 and CS19 of the Woking Core Strategy 2012 and the NPPF.

82. The development hereby permitted shall not exceed the maximum quantum of development for additional classrooms (290sqm) and specialist accommodation (Class C2/C3) referred to as independent elderly accommodation (4,700sqm) as detailed on the approved Parameter plan - land use - SHE-BDP-00-XX-PL-L-90-0105 Rev P11 rec 07.03.19.

Reason: To ensure the development is carried out in accordance with the approved plans and other submitted details and to ensure that the quantum of development remains within the parameters assessed pursuant to the Environmental Statement and to comply with Policies CS1, CS5, CS18, CS21 and CS24 of the Woking Core Strategy 2012 and the NPPF.

83. Prior to the first use of the children's nursery hereby approved, the means of enclosure to the outdoor nursery space and the nursery canopy as shown on approved plan - Nursery Canopy Study Parcel D - SHE-BDP-3D-XX-DT-A-21-0003 Rev P04 rec 24.10.18 shall be installed in accordance with full design details (materials, colours etc) which shall have first been submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be retained and maintained in accordance with the approved details.

Reason: In the interests of the character and appearance of the site, to safeguard the amenities of nearby occupiers and the users of the nursery and to comply with Policies CS16 and CS21 of the Woking Core Strategy and the NPPF.

84. Notwithstanding the Town and Country Planning (Use Classes) Order 1987 (or any orders amending or re-enacting that order with or without modification) and the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any orders amending or re-enacting that order with or without modification) the community centre hereby permitted and as shown on the approved plan(s) shall only be used for a community centre and for no other purpose whatsoever including any other purpose within Class D2 of the Town and Country Planning (Use Classes) Order 1987 (or any orders amending or re-enacting that order with or without modification).

Reason: To ensure the development is carried out in accordance with the approved plans and other submitted details and to ensure the provision of community/youth centre to serve the increased population on the site and to comply with Policies CS5 and CS19 of the Woking Core Strategy 2012 and the NPPF.

85. Notwithstanding the Town and Country Planning (Use Classes) Order 1987 (or any orders amending or re-enacting that order with or without modification) and the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any orders amending or re-enacting that order with or without modification) the children's nursery hereby permitted as shown on the approved plan(s) shall only be used for a children's nursery and for no other purpose whatsoever including any other purpose within Class D1 of the Town and Country Planning (Use Classes) Order 1987 (or any orders amending or re-enacting that order with or without modification).

Reason: To ensure the development is carried out in accordance with the approved plans and other submitted details and to ensure the provision of children's day nursery to serve the increased population on the site and to comply with Policies CS5 and CS19 of the Woking Core Strategy 2012 and the NPPF.

86. Notwithstanding the Town and Country Planning (Use Classes) Order 1987 (or any orders amending or re-enacting that order with or without modification) and the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any orders amending or re-enacting that order with or without modification) the health centre hereby permitted as shown on the approved plan(s) shall only be used for a health centre including the provision for GPs surgeries, and for no other purpose whatsoever including any other purpose within Class D1 of the Town and Country Planning (Use Classes) Order 1987 (or any orders amending or re-enacting that order with or without modification).

Reason: To ensure the development is carried out in accordance with the approved plans and other submitted details and to ensure the provision of health centre to serve the increased population on the site and to comply with Policies CS5 and CS19 of the Woking Core Strategy 2012 and the NPPF.

87. Notwithstanding the Town and Country Planning (Use Classes) Order 1987 (or any orders amending or re-enacting that order with or without modification) and the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any orders amending or re-enacting that order with or without modification) the dentist unit hereby permitted as shown on the approved plan(s) shall only be used as a dentist unit, and for no other purpose whatsoever including any other purpose within Class D1 of the Town and Country Planning (Use Classes) Order 1987 (or any orders amending or re-enacting that order with or without modification).

Reason: To ensure the development is carried out in accordance with the approved plans and other submitted details and to ensure the provision of dentist unit to serve the increased population on the site and to comply with Policies CS5 and CS19 of the Woking Core Strategy 2012 and the NPPF.

88. Notwithstanding the Town and Country Planning (Use Classes) Order 1987 (or any orders amending or re-enacting that order with or without modification) and the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any orders amending or re-enacting that order with or without modification) the pharmacy unit hereby permitted as shown on the approved plan(s) shall only be used as a pharmacy unit, and for no other purpose whatsoever including any other purpose within Class A1 of the Town and Country Planning (Use Classes) Order 1987 (or any orders amending or re-enacting that order with or without modification).

Reason: To ensure the development is carried out in accordance with the approved plans and other submitted details and to ensure the provision of pharmacy unit to serve the increased population on the site and to comply with Policies CS5 and CS19 of the Woking Core Strategy 2012 and the NPPF.

89. Notwithstanding the provisions of Article 3, Schedule 2, Part 2, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or an order revoking and re-enacting that Order with or without modification), no gate, fence wall, or other means of enclosure shall be erected constructed anywhere on the application site without the prior written approval of the Local Planning Authority, unless specifically authorised by any planning condition of this planning permission.

Reason: In the interests of character and appearance of the site and trees and to comply with Policies CS7, CS9 and CS21 of the Woking Core Strategy and the NPPF.

90. Notwithstanding the provisions of Article 3, Schedule 2, Part 1, Classes A, B, C, D, E, F, G and H of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or an order revoking and re-enacting that Order with or without modification) no further development falling within these Classes shall take place anywhere within the site without the prior written approval of the Local Planning Authority.

Reason: In the interests of the character and appearance of the site, neighbouring amenity, ecology, trees and surface water drainage and to comply with Policies CS6, CS7, CS9 and CS21 of the Woking Core Strategy 2012 and the NPPF.

91. Notwithstanding the provisions of Article 3, Schedule 2, Part 16, Classes A, B, and C of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or an order revoking and re-enacting that Order with or without modification) no development falling within these classes shall take place anywhere within the site.

Reason: To protect the character and appearance of the site and to comply with Policies CS5, CS16 and CS21 of the Woking Core Strategy 2012 and the NPPF.

92. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or an order revoking and re-enacting that Order with or without modification), no development falling within Part 3, Class T shall take place anywhere within the site.

Reason: To protect the character and appearance of the site, to safeguard the provision of specialist accommodation and community facilities within the site and to comply with Policies CS5, CS16 and CS21 of the Woking Core Strategy 2012 and the NPPF.

93. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or an order revoking and re-enacting that Order with or without modification), no development falling within Part 4, Class D shall take place anywhere within the site.

Reason: To protect the character and appearance of the site, to safeguard the provision of community facilities and retail uses within this local centre and to comply with Policies CS4, CS5, CS16 and CS21 of the Woking Core Strategy 2012 and the NPPF.

94. Prior to the occupation of the 430th residential unit hereby approved the leisure centre and the artificial grass (3G) pitch and the rugby pitch as approved under PLAN/2015/1260 shall have been provided and shall be available for use by patrons/customers.

Reason: To ensure that alternative provision for indoor and outdoor sports is made available for use the local community and to comply with Policy CS17 of the Woking Core Strategy 2012 and the NPPF.

95. Prior to the first use of any of the facilities comprising phase 1a and phase 1b of planning permission PLAN/2015/1260 (excluding use by Bishop David Brown School), the leisure centre car park, cycle parking and bin storage arrangements shall have been provided in accordance with the plans hereby approved unless details relating to the temporary provision for car parking, pick up and drop off, cycle parking and bin storage arrangements and a timetable for the delivery of the permanent car park in accordance with the approved plans have been submitted to and approved in writing by the Local Planning Authority. The temporary car parking provision shall then be implemented in accordance with the approved details and timetable until the permanent car park is provided in accordance with the approved plans and approved timetable. Once the permanent car park has been provided it shall be retained in accordance with the approved plans for vehicles and cycles to be parked and for vehicles to turn around and leave the site in forward gear.

Reason: In order that the development should not prejudice highway safety nor cause inconvenience to other highways users and to comply with Policy CS18 of the Woking Core Strategy 2012 and the NPPF.

96. No external lighting including street lighting, amenity lighting to open spaces, lighting to the community centre and leisure centre car park and any other external lighting (save for the MUGA and Skate park lighting which shall be in accordance with condition 60) shall be installed in any phase of the development until full design details of the proposed external lighting (including hours of use) for that phase in accordance with the recommendations of the Bat Conservation Trusts' document entitled "Bats and Lighting in the UK - Bats and the Built Environment Series" (and also ensuring compliance with the recommendations of the Institute of Lighting Engineers 'Guidance Notes for Reduction of Light Pollution' and the provisions of BS 5489 Part 9) have been submitted to and approved in writing by the Local Planning Authority. Any lighting on the site shall thereafter be installed and maintained in accordance with the approved details.

Reason: In the interests of visual amenity and the ecology/biodiversity of the site and surrounding area and to comply with Policies CS6, CS7 and CS21 of the Woking Core Strategy 2012, Circular 06/05 Biodiversity and Geological Conservation and the NPPF.

97. Any external lighting to the car park of the leisure centre shall be switched off and shall not be used between the hours of 10.45 p.m. and 6.15 a.m.

Reason: In the interests of the character and appearance of the site, to safeguard the amenities of nearby occupiers and in the interests of the ecology on the site and to comply with Policies CS7 and CS21 of the Woking Core Strategy and the NPPF.

98. Prior to the commencement of any works above ground floor level in any phase (save for any structural frame works) a schedule and full details of windows/openings to be obscurely glazed and non-opening below 1.7 metres above internal floor level for that phase shall be submitted to and approved in writing by the Local Planning Authority. The approved details shall be implemented in full prior to the first occupation of each residential unit to which the approved details relate. Thereafter the windows shall be retained in accordance with the approved details in perpetuity.

Reason: In the interests of the neighbouring amenity and to comply with Policy CS21 of the Woking Core Strategy 2012 and the NPPF.

99. Prior to the commencement of any superstructure works of the dwelling on plot 164 (phase Bronze) full design details of an opaque terrace/balcony screen (minimum height 1.7 metres above terrace/balcony floor level) for along the northern side of the terrace/balcony shall be submitted to and approved in writing by the Local Planning Authority. The approved details shall be implemented in full prior to the first occupation of the dwelling and the terrace/balcony screen shall be retained and maintained in accordance with the approved details in perpetuity.

Reason: In the interests of the neighbouring amenity and to comply with Policy CS21 of the Woking Core Strategy 2012 and the NPPF.

100. No above ground development in any phase containing non-residential development associated shall commence until evidence that the development for that phase is registered with a BREEAM certification body and a pre-assessment report (or design stage certificate with interim rating if available) has been submitted to and approved in writing by the Local Planning Authority indicating that the development can achieve at least a BREEAM "Very Good" rating.

Unless otherwise first approved in writing by the Local Planning Authority, within 6 months of the completion of the non-residential development in any phase a final Certificate certifying that at least BREEAM rating "Very Good" has been achieved for this development (or such equivalent national measure of sustainable building which replaces that scheme) shall be submitted to the Local Planning Authority.

Reason: To ensure that the development achieves a high standard of sustainability and makes efficient use of resources and to comply with Policy CS22 of the Woking Core Strategy 2012 and the NPPF.

101. No above ground development in any phase shall commence until evidence that the development is registered with a BREEAM Communities certification body and a pre-assessment report for BREEAM Communities (or design stage certificate with interim rating if available) has been submitted to and approved in writing by the Local Planning Authority indicating that the development can achieve at least a BREEAM Communities "Very Good" rating.

Unless otherwise approved in writing by the Local Planning Authority within 6 months of the completion of each phase of the development a final Certificate certifying that at least BREEAM Communities rating "Very Good" has been achieved for this development (or such equivalent national measure of sustainable building which replaces that scheme).

Reason: To ensure that the development achieves a high standard of sustainability and makes efficient use of resources and to comply with Policy CS22 of the Woking Core Strategy 2012 and the NPPF.

102. There shall be no change/alteration to any hard surface on the site hereby approved, from the approved details and no further impermeable surfaces shall be installed anywhere on the site including the public open space areas without the prior written consent of the Local Planning Authority.

Reason to prevent the increased risk of flooding and to ensure the future maintenance of the approved drainage system and to accord with Policy CS9 of the Woking Core Strategy and the NPPF.

103. Prior to the first occupation of any of any building within a phase of the development hereby permitted a verification report appended with substantiating evidence demonstrating the approved remediation has been carried out for that phase shall be submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure that a satisfactory strategy is put in place for addressing contaminated land before development commences and to make the land suitable for the development without resulting in risk to construction workers, future users of the land, occupiers of nearby land and the environment generally in accordance with Policies CS9 and CS21 of the Woking Core Strategy 2012 and the NPPF.

**Informatives**

01. The applicant is advised that this planning permission is subject to an Undertaking of the Executive and a Section 106 Legal Agreement.

02. The applicant and future residents are advised that no permitted development rights exist for any of the residential units on this site including, extensions, outbuildings, the insertion of any new windows in the development or the addition of any hard surfacing or satellite dishes. In all instances a formal application to the Local Planning Authority will be required to be submitted.

03. The applicant is advised that there should be no implied approval for any development shown in the outline parcels of development which are subject to subsequent Reserved Matters consent. In this regard the applicant's attention is drawn to the comments of the County Highway Authority.

04. Under the terms of the Water Resources Act 1991, and the Thames Region Land Drainage Byelaws 1981, prior written consent of the Environment Agency is required for any proposed works or structures, in, under, over or within 8 metres of the top of the bank of the Basingstoke Canal designated as 'main river'.

05. The consent of the Environment Agency is required for the use of herbicides in or near water including rivers, streams, ditches and standing water bodies. This is to ensure that the herbicides will not have a detrimental effect on aquatic habitats. A copy of the application form can be found on the following link: <http://www.environment-agency.gov.uk/homeandleisure/wildlife/31350.aspx>

06. Although reptiles were not found during surveys of the site, the habitat was still considered suitable to support common reptile species. Those working on the site should be made aware of this and informed not to disturb reptile species if found.

07. Replacement bat roosts should be incorporated into the design of the development, whilst providing temporary structures in the interim.

08. A Groundwater Risk Management Permit from Thames Water will be required for discharging groundwater into a public sewer. Any discharge made without a permit is deemed illegal and may result in prosecution under the provisions of the Water Industry Act 1991. We would expect the developer to demonstrate what measures he will undertake to minimise groundwater discharges into the public sewer. Permit enquiries should be directed to Thames Water's Risk Management Team by telephoning 02035779483 or by emailing [wwqriskmanagement@thameswater.co.uk](mailto:wwqriskmanagement@thameswater.co.uk). Application forms should be completed on line via [www.thameswater.co.uk/wastewaterquality](http://www.thameswater.co.uk/wastewaterquality).

09. Surface water drainage - With regard to surface water drainage it is the responsibility of a developer to make proper provision for drainage to ground, water courses or a suitable sewer. In respect of surface water it is recommended that the applicant should ensure that storm flows are attenuated or regulated into the receiving public network through on or off site storage. When it is proposed to connect to a combined public sewer, the site drainage should be separate and combined at the final manhole nearest the boundary. Connections are not permitted for the removal of groundwater. Where the developer proposes to discharge to a public sewer, prior approval from Thames Water Developer Services will be required. They can be contacted on 0800 009 3921.

10. There are public sewers crossing or close to your development. In order to protect public sewers and to ensure that Thames Water can gain access to those sewers for future repair and maintenance, approval should be sought from Thames Water where the erection of a building or an extension to a building or underpinning work would be over the line of, or would come within 3 metres of, a public sewer. Thames Water will usually refuse such approval in respect of the construction of new buildings, but approval may be granted in some cases for extensions to existing buildings. The applicant is advised to contact Thames Water Developer Services on 0800 009 3921 to discuss the options available at this site.

11. Design standards for the layout and construction of access roads and junctions, including the provision of visibility zones, shall be in accordance with the requirements of the County Highway Authority.

12. Permission under the Town and Country Planning Act should not be construed as approval to highway engineering details necessary for inclusion any Road Adoption Agreement under Section 38 of the Highways Act 1980. Further details about the post-planning adoption of roads may be obtained from the Transportation Development Planning Division of Surrey County Council. Details of the transport requirements necessary for inclusion in any application seeking approval of reserved matters may be obtained from the Transportation Development Planning Division of Surrey County Council.

13. Notwithstanding any permission granted under the Planning Acts, no signs, devices or other apparatus may be erected within the limits of the highway without the express approval of the Highway Authority. It is not the policy of the Highway Authority to approve the erection of signs or other devices of a non-statutory nature within the limits of the highway.

14. The permission hereby granted shall not be construed as authority to obstruct the public highway by the erection of scaffolding, hoarding or any other device or apparatus for which a licence must be sought from the Highway Authority Local Highways Service.

15. The permission hereby granted shall not be construed as authority to carry out any works on the highway. The applicant is advised that permission must be obtained from the Highway Authority before any works are carried out on any footway, footpath, carriageway, verge or other land forming part of the public highway.

16. All works on the public highway will require a street works permit, for which an application(s) will need to be submitted to the County Council's Street Works Team up to 3 months in advance of the intended start date, depending on the scale of the works proposed and the classification of the road. Please see >> <http://www.surreycc.gov.uk/roads-and-transport/road-permits-and-licences/the-traffic-management-permit-scheme>

17. The developer is reminded that it is an offence to allow materials to be carried from the site and deposited on or damage the highway from uncleaned wheels or badly loaded vehicles. The Highway Authority will seek, wherever possible, to recover any expenses incurred in clearing, cleaning or repairing highway surfaces and prosecutes persistent offenders. (Highways Act 1980 Sections 131, 148, 149).

18. The developer is advised that as part of the detailed design of the highway works required by the above condition(s), the County Highway Authority may require necessary accommodation works to street lights, road signs, road markings, highway drainage, surface covers, street trees, highway verges, highway surfaces, surface edge restraints and any other street furniture/equipment.

19. The applicant is advised that parts of the development are located on land forming part of the public highway and that highway land should be stopped-up under section 247 of the Town & Country Planning Act, prior to the commencement of any development that uses public highway land for non-public highway / private purposes.

20. The permission hereby granted shall not be construed as authority to carry out any works on the highway or any works that may affect a drainage channel/culvert or water course. The applicant is advised that a permit and, potentially, a Section 278 agreement must be obtained from the Highway Authority before any works are carried out on any footway, footpath, carriageway, verge or other land forming part of the highway. All works on the highway will require a permit and an application will need to be submitted to the County Council's Street Works Team up to 3 months in advance of the intended start date, depending on the scale of the works proposed and the classification of the road. Please see <http://www.surreycc.gov.uk/roads-and-transport/road-permits-and-licences/the-traffic-management-permit-scheme>. The applicant is also advised that Consent may be required under Section 23 of the Land Drainage Act 1991. Please see [www.surreycc.gov.uk/people-and-community/emergency-planning-and-community-safety/flooding-advice](http://www.surreycc.gov.uk/people-and-community/emergency-planning-and-community-safety/flooding-advice).

21. The County Council requires planning applicants to contribute towards the costs of supervising and auditing travel plans for up to 9 years after occupation. The auditing fee is a one-off payment and for a development of the proposed scale the maximum fee of £6,150 is required.
22. The Council confirms that in assessing this planning application it has worked with the applicant in a positive and proactive way, in line with the requirements of the National Planning Policy Framework.
23. You are advised that Council officers may undertake inspections without prior warning to check compliance with approved plans and to establish that all planning conditions are being complied with in full. Inspections may be undertaken both during and after construction.
24. In developing the biodiversity and green infrastructure elements for each phase of the development, the applicant should have regard to the Natural Woking strategy and supporting information document ([www.woking.gov.uk/environment/greeninf/naturalwoking](http://www.woking.gov.uk/environment/greeninf/naturalwoking)). For further guidance, contact the Council's Green Infrastructure team at [greeninfrastructure@woking.gov.uk](mailto:greeninfrastructure@woking.gov.uk)
25. The applicant is advised that the development hereby permitted is subject to a Community Infrastructure Levy (CIL) liability. The Local Planning Authority will issue a Liability Notice as soon as practical after the granting of this permission.

The applicant is advised that, if he/she is intending to seek relief or exemptions from the levy such as for social/affordable housing, charitable development or self-build developments it is necessary that the relevant claim form is completed and submitted to the Council to claim the relief or exemption. In all cases (except exemptions relating to residential extension exemptions), it is essential that a Commencement Notice be submitted at least one day prior to the starting of the development. The exemption will be lost if a commencement notice is not served on the Council prior to commencement of the development and there is no discretion for the Council to waive payment. For the avoidance of doubt, commencement of the demolition of any existing structure(s) covering any part of the footprint of the proposed structure(s) would be considered as commencement for the purpose of CIL regulations.

Claims for relief must be made on the appropriate forms which are available on the planning portal.

Other conditions and requirements also apply and failure to comply with these will lead to claims for relief or exemption being rendered void. The Local Planning Authority has no discretion in these instances.

For full information on this please see the guidance and legislation here: <https://www.gov.uk/guidance/community-infrastructure-levy>

Please note this informative provides general advice and is without prejudice to the Local Planning Authority's role as Consenting, Charging and Collecting Authority under the Community Infrastructure Levy Regulations 2010 (as amended).

26. In relation to condition 26 (archaeology) the applicant is advised that only demolition to ground level can occur prior to the approval of the details pursuant to the condition. No below ground demolition can occur including any grubbing out of foundations until the condition details have been approved for that phase.

Date Decision Notice Issued: 18 April 2019

Douglas Spinks  
Deputy Chief Executive

**\* ATTENTION IS DRAWN TO THE NOTES ATTACHED \***

## NOTES

### Appeals to the Secretary of State

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If this is a decision to refuse planning permission for a Householder application, if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
- If this is a decision to refuse planning permission for a minor commercial application (as defined in the Development Management Procedure Order) if you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
- If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.
- If you want to appeal against your local planning authority's decision regarding a planning application, then you must do so within 6 months of the date of this notice.
- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice [reference], if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within: 28 days of the date of service of the enforcement notice, or within 6 months [12 weeks in the case of a householder appeal] of the date of this notice, whichever period expires earlier.
- Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on: 0303 444 5000.
- The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

Mr Simon Owen  
HTA Design LLP  
78 Chamber Street  
LONDON  
E1 8BL

Dear Mr Owen,

You have now obtained Planning Permission please remember that separate approval under Building Regulations is also usually required. If you have not already made a Building Regulations application, or you are not sure whether you require regulations consent please visit our website for advice or contact us. In order to receive the most from our services please make your application in advance of works commencing.

Whatever the works you are carrying out, we can offer the following services:

- comprehensive information and application forms
- prompt registration of applications that are checked within ten days
- you will have ready access to our experienced, qualified Surveyors each of whom is contactable by fax, personal email and direct dial telephone, they have first class local knowledge and access to unique and invaluable historic records
- same weekday inspections when notified before 10am and
- your completion certificate will be issued within 24 hours of authorisation.

Our previous customers say that we offer a first rate service, see comments below:

*"Super service, many thanks" March 2012*

*"Excellent level of professionalism and advice throughout the process" April 2012*

*"Extremely helpful. Can't praise him enough" June 2012*

*"Polite, experienced in matters of a technical nature and a pleasure to work with" September 2012*

*"Absolutely first class. The advice save me money and improved the work. A credit to your department." October 2012*

We look forward to working with you.

Yours faithfully,

David Edwards  
Chief Building Control Surveyor
